Dear Sir/ Madam

To whom it may concern:

RE: Tagtron Solutions

I highly recommend Tagtron Solutions. I installed it six months ago and have had no stock shortages in my store due to theft.

It is an absolute peace of mind having a system like Tagtron installed in a store. It deters shoplifters as they would rather try to go to other liquor stores if they want to steal and this applies to the so called A teams that target liquor stores.

With tagtron you do get shoplifters taking a chance but with the alert (beep sound) they do not get away! We have arrested three shoplifters since installation. No one has managed to get away yet!

The installation by Keenon was quick and efficient.

I can highly recommend the above company.

Your faithfully

Michael Gregoriou
