To Whom it may concern

MSPH South Africa LLC t/a ICAP SA is an International NGO implementing a Nurse Education Partnership Initiative locally and abroad. In order to get the selected South African Nursing Colleges accredited for higher education status one of the requirements is the refurbishment of the college libraries.

Tagtron Solutions is our preferred vendor in the installation of Library Books Security Systems.

I am happy to recommend you the high quality services and equipment of Tagtron Solutions. Their after sales service is exceptional. The prices are also very reasonable compared to other providers in the market.

The reputation of the services of Tagtron Solutions has grown to be quite high. There was hardly any complaint from all our sites. The equipment and its operations has never been interrupted because of technical reasons.

I strongly recommend the Tagtron Solutions for any business big or small.
